WHEN INJUSTICE PREVAILS

***When injustice prevails
becomes blind not the justice, but the mind!
then overlooked is the difference
between symbols
and life!***

***Nota bene!
Only Islam preserved the unity of
sacred and profane***

***Only Muslim woman is punished
from the side of sightless justice***

***Only Bosnia, every a bit gets ill with rabies
and mixes in a, bitter, drink
the whole life, and mere symbols for it!***
