Bismi'llâhi-r-Raĥmâni-r-Raĥîm

In the name of Allâh, The All-Merciful, The Merciful

Say you: "We believe in Allâh and that what is sent down on us, and that what is sent down on us Ibrâhîm (Abraham) and Isma'îl (Ishmael), and Ishâq (Isak), and Ya'qûb (Jacob), and on the Tribes, and that what was given to Mûsâ (Moses) and 'Îsâ (Jesus), and that what is given to The Envoys from their Lord; we do not make difference between none from among them, and we are Muslims (those who submit to Him)."

Qurân, Al-Baqarah, 2:136

NOTA BENE!

Faith is first of all a personal, intimate, cognitive act. There is no army, Muslim or another, no sultan, or emperor or president, either Turkish or Nato-executive, either anyone's armada or cavalry, or a flag on its wings, or its croups, there is no tradition, or ideology, which could prescribe the faith of man, or nations, or continents, or the planet Earth, or the Universe; till the Day Resurrection. Neither are male or female scribblers who could extinguish the divine light in the chest of the faithful:

Lit with the arrivals of God's Prophets:

and along, God's Revelations-Books

exemplified by their faultless words/ahadeeth
and their faultless action/Sunnah

Every mode of imposing religion in the name of tradition, politics, ...
military or other alleged power, is naught but a blasphemy.

**Lit by the advent of God Prophets:
and with them, God's Revelations-Books'
exemplified by their faultless words – ahadeeth
and their faultless action/Sunnah**

Every way of imposing religion in the name of tradition, politics, ...
military or other alleged power is nothing but a blasphemy.

* **schizophrenia** (see Dictionary.com) since 1912, from modern Latin,
literally "splitting of the mind". Taken from the German Schizophrenie
and coined in 1910 by Swiss psychiatrist Eugen Bleuler (1857-1939),
from the Greek Skhizein "split".

Department for Religious Affairs! For, cogitates Mr. Hanafi&Maturidi
(otherwise Hell!), it's not your wit, or hearth, or tongue and hand, but
a factory that is doing dhikr to Allah, so to that the same goes whole
the sawab/benefit.

POST FESTUM / AFTER A BINGE: From B&H Press, April 4, 2016,
21. century, the planet Bosnia & Herzegovina. Summary: Hanafi -
Maturidi Madhab & Akaid or Horro/r!

"Islamic Community in B&H" (read IVZ) looks' after a correct
understanding & practicing of Islam, and securing the conditions for
the transfer of AMANAH (hear and see two threatening gentlemen on
the left, from the Option 2. HORR/OR?!). The goal of IVZ is that all of
Its members live according to Islamic norms, and the objective to be
achieved by promoting good and preventing evil. In the interpretation
of the faith and performing Islamic duties in The Community, is
applied Maturidi akaid & Hanafi madhhab. From the point of IVZ
mission, the process of ensuring unity of the Ummah in B&H territory,

and within jurisdiction of IVZ, is permanent, open & active in sense of inclusion of all members of Islam living in this area into the Community of the said Akaid & Madhhab practice, ensuring Its intellectual, sharia, spiritual and institutional unity..." ... in the aim of the common good & public interest... "By submitting reports of the Riyasat to the Parliament... the process of talks with members of Islam, individuals & groups alike who work outside The Community, is formally completed"... Thus, add I, the door of Islam in B&H, in the 21st century - is once again firmly slammed right in front of the nose of Muhammad's Ummah, blessing & peace of Allah on him & his offspring!
