## HOLLAND OR HAYAT

TO YOU TOO RAMADAN MUBARAK, DEAR MARK!

BLESSED BE YOUR HONOURABLE LIFE/HAYAT (ar. life, and here the name of a private Bosnian TV, famous for its zeal for opulence).

IN YOUR RAMADAN FASTING FOR THE CAMPAIGN GIVE30

Live be for us Mark Holland, who with his for the second time repeated, Ramadan example - of fasting as a true sacrifice for the benefit of the needy - give a lesson soulless rulers and politicians all over the world. To the new- millennium satraps, with various and even Muslim names, from Canada and the US, via usurped Arabia, up to eternally hungry Africa and, amidst Europe, crucified Bosnia. A lesson you give to the would-be believers, polished with the oil and petrodollars, secured with the harshest capitalism ever, the usurpers of the humanity's possession and wealth, a shot, you are sending, a gentle one, to the believers without a trace of kindness in their hearts, let alone obedience to God to share every surplus, throughout the campaign:

GIVE30 - instead of the luxurious online iftar-dinners, prepared before the eyes of the hungry, before the wide-open eyes of the plundered, impoverished, of deprived, before the tearful the eyes of the expelled, made homeless, diseased, maimed, before the crazed eyes of the tricked, tricked, lied to, betrayed, cheated ... before the eyes of desperate!

GIVE30 - Instead of preparing, providing recipes, serving, almost eating \_ on the screens of the political folly, religion-emptied faith, soul-emptied culture, crazed civilization..., on the displays of selfishness almost shamelessness, almost shameful policies, of the same those who prattle on faith, tradition , religion, politics, democracy ... Eldorado!

Not only it. Teach, shameless ones, how to, throughout their TV scenes of the virtually available iftar-banquets, cheat the wretched, and how to cheat even God. How to, with the iftar-banquets, abolish every purpose & meaning of His sacred and inviolable command about Ramadan fasting as a voluntary deprivation. What is correctly

observed by a man like Mark Holland (but not by some Bakir, Bekir, or Fahd). We see it on the small TV screen. In contrast to the big screen of the BH-living, where people sit in front of their half-empty Ramadan or daily sofras / meals, as listening to those whose prattle stretches even that little what remained of their mind and faith after Mladic's actions and of his likes, from around the globe.

Give30 campaign collects money for the banks of food throughout Canada, during Muslim holy month of Ramadan. Ramadan is at the certain time during a year when people voluntarily abstain from food and drink during the daytime, in order to develop in themselves the compassion with those who are needy, and with the hope to lessen their burden. It means: no coffee, or lunch, or snacks during one month.

**GIVE30** is simply: everybody, regardless of one's religion, gives for GIVE30 Campaign Bank of food during Ramadan. For instance, if you fast, count and give away money that you would spend on that month for lunch and coffee.

Or, if you do not fast, take a lunch-packet and give away money, which you saved that way during a month. It is going to be a small change for you for 30 days, but a great difference for those having not enough for eating.

Ramadan this year lasts from June 6 until July 5, 2016.
