

AN INNOCENT GLADIATOR - AMIR AURELIUS

AMIR KNEŽEVIĆ

Icarus

What would it be if Icarus
instead of towards the Sun
had flown at night
to meet
the Moon?

Joseph K.

I heard the other day
that Josef K. is
safe and sound,
and that he purchased back his flat

He lives, they say, in Sarajevo
and prepares a new book

The informed say it will be called
"Retrial"

Sisyphus

I'd like a lot to ask Sisyphus
what would he do first
if he would have, that stone of his
one day
though, at last
to the top of the hill, raised?

Dragon

(Airport Singapore)

I have chased a Dragon
until I myself became
the Dragon

I was heading for an End
until I myself became

An End
