

MELIKA SALIHBEG BOSNAWI

WAKE UP, IT DAWNS

That our arrogant poor Self
Epicurean Godless

Is there birth without pain
So how Eternity in us to be differently born

Has not The Day itself begin with blackness
as our life with the conception in a dark womb

Let's listen to the peak of eloquence
of someone from among The Best

"Morning has already dawned to one
who has the eyes"*

(Sarajevo, 11th of January, 2014)

** Last rhyme is a quotation from the book:
Imâm 'Alî a.s., "Nahju'l-balâgah / Peak of Eloquence"*
